

2025 PGA Junior League 17u

The PGA Junior League provides players of all skill levels with the opportunity to be a part of a team and play golf in an environment that is fun and competitive. The league is designed to make learning the game of golf fun for players 17 years of age and younger and provide a competitive league environment for advanced players to compete against their peers. It is recommended that players have had some formal golf instruction or playing experience before participating in PGA Jr. League 17u program.

League Format

The 1757 PGA Junior League will feature 4-8 teams consisting of 4-8 players per team. The teams will play a round robin schedule against the other teams for a total of six matches per team. The matches will be played on Wednesday evenings, starting at 5:30 pm. In effort to make the league a little more competitive, we use a multi-tee system. Younger players or newer players will play either the Red or White Tees, while older or more experienced players will play from the white or blue tees. The matches will span 9 holes, consisting of 3 flags. A team must have a minimum of 2 players attend a match to avoid a forfeit. In that case, each player will play their own ball against the other team. Further explanation will be given should this situation ever arise at the time of a match.

Team Selection

We will hold a player assessment on March 1st, 2nd & 8th. We ask that all players new to the 17u League participate in effort to gage their skill level. Returning players are asked to participate in the assessments as well so we can gage how much they have improved. This season, we will have a competitive division and a recreational division.

The players will be divided up so that a good mixture of experience is distributed evenly amongst the 4-8 teams. The idea is to build the teams evenly to create a fun yet competitive league. Teams will be announced the last week of April. Team practices will be scheduled by the team Captain based on their schedule.
